

THE FAYETTE FALCON.

ESTABLISHED 1866.

SOMERVILLE, TENNESSEE, FRIDAY, JULY 9, 1920.

NEW SERIES: VOL. XIV.—NO. 2

County Court Meets

One of the most active and yet uneventful sessions of the County Court of Fayette county ever seen was that held last Tuesday when that body met in regular quarterly session.

Only two members belonging to the court were absent from the meeting, and it was a busy day, mainly on miscellaneous items, the court not reaching the docket until well after three o'clock, and when the court adjourned an hour and a half later not more than half the docket had been disposed of, the remainder being left until an adjourned session which is to be held at an early date for the purpose of fixing the county tax rate.

A committee of three, W. R. Seay, M. H. Boswell and J. E. Parks, representing the sentiment of a mass meeting held in the morning in the circuit court room and mentioned elsewhere in this issue, appeared in court and delivered resolutions passed by the mass meeting requesting the court to suggest to the legislature the repeal of the present road law of the county and the enactment of another in its place. Action by the court on the request was deferred to the adjourned session to be held soon.

The resignations of three members of the County Highway Commission, Wyatt Wilkinson, R. B. Young and T. H. Griffin, were offered to the court and after many eulogies for them personally and for their work as public officials coming from members of the court the resignations were accepted, effective July 15. The vacancies will be filled by appointment made by Chairman W. G. Shelton of the County Court.

Owing to the conditions brought about by the new tax laws, it was impossible for the court to consider the county tax rate. The Equalization Board is still in session and will not complete its work before the end of the week. The tax books made out by the assessor and revised by this board must then go to Nashville to the State Board of Equalization and be passed upon by that body and returned here before the rate can be fixed. The court will meet in adjourned session when these books return here and will then complete the work of the July term.

Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with care as directed and proper care is taken as to diet, it is safe to say that fully ninety nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose." advr Co.

Road Mass Meeting

A mass meeting was held in the circuit court room Tuesday morning for the purpose of discussing the road situation in this county. The meeting was called by Prof. W. R. Seay, of Braden, and there were present about 150 people, mostly voters of the county. Prof. Seay called the meeting to order and Hon. J. P. Matthews, of Oakland, was elected chairman.

Prof. Seay delivered an address of about thirty minutes setting forth his views of the road conditions as they exist in the county at the present time, and declaring his condemnation of the present road law which places the road work of the county under a Highway Commission composed of three men. He declared the law vicious and unfair and gave it as his opinion that the roads are in the worst condition they have been in in ten years. He declared numerous times through his talk that he had perfect faith in the integrity of the commissioners who have served the county and declared that if these three gentlemen could not make a success of the road work under the law it was useless to try others, and that the law should be repealed.

The meeting passed a resolution suggesting that the county court be asked to request the legislature to repeal the present law and enact a new law embodying the following: Distribution to the districts three-fourths of the road money paid by them and the other fourth to be retained in the county treasury as an emergency fund. Road work to be done entirely by contract and the contracts let by district officials.

Eq. Young of the Highway Commission made a short talk replying to Prof. Seay and explaining the work of the commission. He was given an interested hearing by most of those present, a mere handful of the gathering forgetting that decency demanded a respectful hearing of any citizen in a mass meeting, made it unpleasant for the speaker and the decent element of the meeting who were orderly and respectful.

The mass meeting, also, endorsed a repeal of the present wheel tax law.

Chamberlain's Colic and Diarrhoea Remedy

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy. adv.

When you feel lazy, out of a sort and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Sold by Price Drug Co. adv

War Veteran Dead

The subject of this sketch, M. L. Leath, was born in Tishomingo county, Mississippi, June 19th, 1839, was married to Miss Jennie Hill in 1871, and departed this life June 11th, 1920.

Mr. Leath was the father of ten children, five girls and five boys, and of this number the following survive him: four sons, G. J. Leath, A. A. Leath of Memphis, W. A. Leath and J. R. Leath of the fourth district, three daughters, Mrs. Sallie Kee of Memphis and Miss Lucy Leath and Mrs. Mamie Cordery of Tularosa, New Mexico.

Deceased joined the Confederate army at the beginning of the war between the North and South and marched under the command of Julius W. Wright of Memphis. He was wounded at Chicamauga, and as soon as he was able he returned to the ranks and was in the army of Gen. Forrest to the close of the close of the war when he received his honorable discharge. He was loyal all ways to his country and liberal beyond his means. In the German war he felt ready, if need be, to take arms again for the defense of what he regarded the right.

Altho carrying a wound from which he suffered through his life, he never asked the state for a Confederate pension, declaring that as long as he could work he would not ask for a pension, to which he was clearly entitled.

Mr. Leath lived in the fourth district and only a few weeks ago was carried to Memphis for an operation, for which it was found he had not the strength on account of his age, and he remained there at the home of his daughter Mrs. Kee, until the end came on June 11. The remains were returned to his home and burial was in the Shiloh cemetery by the side of his wife who had passed over before him.

He was a staunch Methodist, a charter member of Bethlehem church and for many years was one of its officials. XXX

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

Blount County Calf Club

County Agricultural Agent Abernathy of Blount county has placed 26 head of calves among his club boys to be finished as baby beefs this fall. Fifteen of them are pure bred Aberdeen-Angus and the others are high grades.

Last month C. L. Chambers of the U. S. Department of Agriculture at Washington, G. L. Herrington, boys' club specialist for Tennessee, and Mr. Abernathy visited twelve boys and girls who are conducting calf club work.

Most of the calves were being pastured on red clover, crimson clover, orchard grass or a mixture of these. They were being fed balanced rations made up from crushed corn, wheat bran, cotton seed meal and wheat shorts.

It was very evident that the boys are getting some splendid experience raising their calves, and Mr. Chambers predicts success for them in the contest next fall.

Sullivan County Pig Club

H. M. Cox, county agent, Sullivan county, distributed twenty registered Poland-China sow pigs to his club members Saturday, June 19. In spite of the pouring rain his members came from two to twenty miles, mostly in buggies or hacks, for their pigs. The pigs were purchased from Beechdale farms and were good, well developed ten to twelve weeks old pigs, weighing sixty to seventy pounds. They were well bred animals, being rich in the blood of Giant Buster, Ferstale Jones and Maewa's Jumbo. This project was financed by the Sullivan County Livestock Association which will get back two choice sow pigs from the first litter.

Garden Notes

The Falcon has had several calls this week for late tomato plants. We have none, and so we give the following advice: Pull off the suckers, that is the sprouts or limbs from the early tomatoes, set them out just as you would the plants and they will grow like the plants and make just as good tomatoes. We have done this often and the limbs do just as well in every particular as the plants do.

Many are planting late potatoes. Every garden should have its patch this year, for the tubers are too expensive to buy the family supply next winter. With the moisture now in the soil there is no reason why there should be any trouble in getting a stand if planted at once. Take the small potatoes from the early patch, cut every potato, and plant thick in deep furrows and cover deep. Let stand that way two weeks, harrow off and let stand a few days and throw heavy furrows on the rows again. Let stand that way a few days and harrow again and in a few more days you should have a stand. Once up the crop is generally assured. Seed must be fully matured.

The Falcon has a few bushels of fully matured Triumph Irish potato seed dug two weeks ago, for sale at \$5 per bushel. No more Lookout Mountains left. All sold.

A few rows planted to turnips this week with present moisture should do well, tho the main turnip crop should not be planted for a month.

It is a fine time now to plant fall carrots, beets, parsnips, a few rows of late roasting ears, with running beans in the rows, some bunch beans to insure a succession, lettuce for transplanting later, fall cabbage and collards, and to get the turnip patch in shape. Transplant celery plants now.

This is about the last call for setting out sweet potato plants. July 15 to 20 is about as late as we would risk it. We expect to do away with our potato bed about the latter date.

Don't let the grass and weeds take the garden. It takes some time and trouble to kill them, but no plot of land on a farm pays as much as a well worked garden. Keep it clean of grass and weeds if it is to pay well, tho.

SOMERVILLE EVIDENCE FOR SOMERVILLE PEOPLE

The Statements of Somerville Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof. Public statements of Somerville people carry real weight. What a friend or neighbor says compels respect. The word of one whose home is far away invites your doubts. Here's a Somerville statement. And its for Somerville peoples benefit.

Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills.

Jno. W. Russell, prop. of the Somerville Bottling Works, says: "I was in bad shape with kidney trouble. I couldn't even lift a case of soda water from my auto when delivering to my customers. I was so lame across my back, I had to toss about all night in bed, trying to get ease from the pain and my kidneys didn't act right at all. I used different kidney remedies, but failed to get relief until I began using Doan's Kidney Pills. This medicine seemed to reach the trouble, and it was no time before two boxes completely cured me."

Prices 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Russell had. Foster Milburn Co., Mfrs., Buffalo, N. Y. Adv.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition, corrects the stomach and checks the looseness of the bowels. Sold by Price Drug Co. adv

Publication Notice

In the Chancery Court of Fayette County, Tennessee.

India Allen et al vs. No. 3165 R. D.

Lula Allen et al In this cause it appearing from the bill which is sworn to, that the Defendants, Lula Allen and Abb Allen, are non-residents of the State of Tennessee and residents of the State of Texas; it is, therefore, hereby ordered that the said Defendants, and each of them, appear before the Clerk and Master of the Chancery Court of Fayette County, Tennessee, at the Court House in Somerville, on or before the first Monday in August, 1920, that being a Rule Day of said Court, and plead, answer or demur to the original bill filed against them and others in the above styled cause in said Court; otherwise said bill will be taken as confessed as to them and said cause set for hearing ex parte.

It is further ordered that this notice be published once a week for four consecutive weeks in The Fayette Falcon. This June 21st, 1920.

W. M. MAYO, C. & M. A. W. Ketchum, Solicitor. 7-16.

When a Woman is Nervous—Worried

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

All druggists. Liquid or tablet form. Send 10c. to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package.

ATHENS, TENN.—"I have been ailing with feminine troubles for 25 years, and thought I would never be well. I had five different doctors, and was confined to my bed at times. A friend told me to try a bottle of Doctor Pierce's Favorite Prescription, and I got a bottle and took it, and felt so much better that I have never been without it since."—MRS. BECKEY CAIN, R. F. D. 4.

Look for the Water Mark

Symphony Lawn

The Paper with the Inviting Texture

HOLD a sheet of Symphony Lawn Writing Paper to the light. Note its translucent clearness. Then feel the beauty of its real lawn texture. It invites you to use your pen. Then observe the water mark—placed there for your guidance and protection. Symphony Writing Paper is the choice of discriminating women—not only because it is in good taste, but because of its splendid fashionable tints. Sheets and envelopes to be had in a number of styles, permit expression of personal taste. Correspondence cards and envelopes, also.
